

St. Paul Catholic School

Registration for 2025-2026 School Year

"Inspired by the charism of the Franciscan Sisters of Allegany, the mission of St. Paul Catholic School is to provide students with a foundation for life through faith, academics, and service and to assist students in developing their gifts and talents, so that they may fulfill the plan God has for their lives."

Admissions Policy

"St. Paul Catholic School is a parochial school sponsored by the Catholic people of St. Paul parish. Priority for admission into the school (and for re-registration for subsequent years) is given to Catholic children who are attending Sunday Mass weekly and whose parents or guardians are registered in our parish, are participating in weekly Sunday Mass, and supporting the parish through use of the Sunday envelopes. Enrollment in the school in a particular year does not guarantee the child a place in the school in the following year unless these requirements are met. Applications for registration for the following year are accepted in January. The education of your child is a partnership between you and the school. If, in the opinion of the administration, that partnership is irretrievably broken, the school reserves the right to require you to withdraw your child."

A History of Franciscan Values

As St. Paul Catholic School celebrates its 95th year, we do so with pride and thankfulness to the Franciscan Sisters of Allegany, New York, who, with their foresight, dedication, and hard work, have been the cornerstone of the school's history, and present day mission and philosophy. Inspired by the Spirit, and mindful of the call to proclaim the Gospel message, as St. Francis of Assisi did, the sisters have committed themselves to justice, peace, and active love, in carrying out their mission, to be and to witness.

St. Paul Catholic School admits students regardless of race, color, sex, national origin, and/or ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to the students at the school. All decisions concerning the admission and continued enrollment of a student in the school are based upon the student's emotional, academic, and physical abilities and the resources available to the school in meeting the student's unique needs.
